C-49 **HEAVY DUTY INTERIOR CLEANER**

FEATURES AND BENEFITS

C-49 HEAVY DUTY INTERIOR CLEANER is the best cleaner in the world! It is a powerful, concentrated (up to 30-to-1) interior and all purpose cleaner for use on vinyl, leather, plastic, fabric interiors and much more. It contains anti-soiling agents and built-in spot removers to penetrate and remove dirt, oil and stains. Formulated with special boosters and brighteners to restore the once vivid color to fabric & upholstery. H.D. Interior Cleaner is a multi-use, biodegradable cleaner that provides the fastest, easiest and most economical way to clean interiors and exteriors.

RECOMMENDED FOR

C-49 cleans soiled interiors, upholstery, whitewalls, vinyl tops, door jambs and engine compartments. C-49's high concentration makes it a real value for detail shops, car washes, dealerships and auto auctions. Can also be used around the home, marina, hotels, industry, farm or

wherever there are tough cleaning jobs to be done.

APPLICATION

Directions: Shake well before using. For your protection, safety glasses and rubber gloves are recommended while using this product.

Upholstery: (dilute 30-to-1) In a bucket, mix 1 part C-49 with 30 parts water. Apply with brush or sponge, scrubbing or blotting soiled area. Remove excess water with vacuum or sponge.

Interiors: (dilute 20-to-1) Spray on surface and scrub area with upholstery brush. Rinse off or wipe clean with dry cloth.

Pre-spot: (dilute 10-to-1) Spray on surface and let sit for 1-2 minutes. Scrub area with upholstery brush or blot with damp sponge.

Remove residue with carpet extractor, vacuum or sponge.

General Degreasing: (dilute 5-to-1) Spray on surface and let sit for 1-2 minutes. Agitate with brush if necessary and rinse clean.

SPECIAL NOTES

Note: Dilute as indicated. Keep off painted surfaces. Do not apply to a hot surface or let dry on surface.

506/511		Accu-Dose 1GPM	
Gray	5:1	Red	5:1
Beige	10:1	Tan	10:1
Red	20:1	Orange	20:1
Blue	30:1	Yellow	30:1

These suggested dilutions may vary upon temperature, water pressure and flow of your system. Check your dispensing system flow for accurate dilutions.
