Auto Air Fresheners

FEATURES AND BENEFITS

PRO® Air Fresheners are powerful, long lasting, ready to use scents that counteract malodors and freshen automobile interiors. All the Air Fresheners are a professional blend of perfumes and deodorizers. PRO® ready to use perfumes contain no harmful solvents and are safe for use in any environment. Can be mixed with PRO® water base cleaners for a more pleasant user experience. PRO® has unique fragrances that your customers will love.

RECOMMENDED FOR

Professionals are including air freshener as a routine part of their reconditioning process. New & used car dealerships,

car washes, detail shops and auto auctions use air fresheners to rid automobile interiors of musty mildew and other undesirable odors. Leaves the car with a pleasant, long lasting fragrance. Safe on all automotive interiors. Don't limit your PRO® Air Fresheners sales to the automotive market. PRO® Perfumes are also great for janitorial services, bathrooms, restaurants, offices, retail stores, schools and hotels for carpet and air freshener.

APPLICATION

Designed for easy use, PRO® Air Fresheners require no mixing or diluting. They are ready to use in the quart size, just screw on a pistol sprayer and you're ready. Gallon size products can be poured into properly labeled, empty,

sprayer bottle. Designed as automotive spray fragrances, simply spray 2-3 pumps of product on each rear mat, carpeted foot wells or under seats. For other uses, spray on surface or into the air where odors persist.

SPECIAL NOTES

Keep from freezing. See Automotive Air Freshener Cost Analysis.
