LEGEND

● = Recommended

◑ = Good

(blank) = Not Recommended or Not Applicable

STEP 1

Determine the type of paint or surface you are working with and the situation you are trying to resolve.

STEP 2

Determine the amount of steps needed to be taken in order to complete the job successfully.

STEP 3

There are many products in every category of the PRO® line and most will achieve the same end result. However, distinct differences in product performance and the particular situation will make one product better to use than another. Select the recommended product which possesses the features best suited for resolving your individual problem.

TIRE/WHEEL CLEANERS
